

DAVID CATALÁN

Collection SS27

David Catalán 's SS27 collection, CRISIS, draws inspiration from the visual universe of vintage safety equipment, protective clothing and coastal life.

Denim, technical fabrics and stripped cottons meet reflective and iridescent materials creating contrast scenes throughout the collection.

Utility details and relaxed silhouettes transform functional references into everyday clothes, creating a wardrobe that feels familiar and unexpected.

The color platte moves in between deep indigo, weathered white and holographic flashes taken from those materials that have been designed to be seen.

A collection inspired by the objects we only notice when they are needed.

Everyone is at leisure, yet no one seems to be relaxed.
Everyone is safe, however, no one seems secure.
